Usama Farooq

Full Stack Software Engineer at SmashCloud
Lahore District, Punjab, Pakistan

Summary

Hi, there

I'm a seasoned Full Stack Developer with a deep focus on the MERN stack, bringing over 6 years of experience in crafting robust web and mobile applications. Specializing in React.js, Node.js, MongoDB, and Express, I have developed a wide array of E-Commerce platforms, Marketplace platforms, Content Management Systems, and various web applications.

✓# Frontend React.js

HTML / CSS3 / Bootstrap #

Responsive Web Design / Mobile First Design #

Material UI / Ant Design / Tailwind CSS #

React JS / React Hooks / Routing #

React-Redux / Context API #

Next JS #

Unit Testing #

TypeScript #

Git #

Google Maps / JS Charts #

✓# Backend Node.js Application

Node JS / Express JS #

MongoDB / Sequelize #

Micro Services Architecture #

AWS (AWS Serverless, S3, EC2) #

✓# DevOps Experience

Extensive Experience on Amazon Web Services (CI/CD)

Deployments on Salesforce/Heroku

Preparing for AWS Certified Cloud Practitioner Certification

Connect with Me:

Please have a look into my GitHub repository particularly for React JS Code in here
